

# Everything from Scratch

Whether you choose a seat by the window or close to the incredible homemade dessert bar at **Jumbars** in Bethlehem, you'll enjoy a cozy café-like experience with all the comfort foods of home.

Chef Paul Hoffert and wife, Mary have created a soothing atmosphere for breakfasts where you can partake of your Peach Melba French Toast while listening to relaxing jazz. Add the aroma of blended Columbian and some sunshine and you have the makings of a memorable morning. (Jumbars is well known for its amazing breakfast menus and an ever-changing lunch menu that emphasizes seasonal ingredients prepared in interesting ways.) *Try the Grilled Salmon Salad presented on a bed of mixed greens and grilled potato pancake.*

Jumbars also offers specialty dinners the second weekend of every month with a 7 pm seating. Call ahead for reservations.
